WINEMAKING

Grapes are exclusively harvested manually in 15 kg crates. A first selection of the grape bunch is carried out in the vineyard and only mature grapes are picked. A second selection is carried out at the ageing cellar prior to crushing and destemming. The cold skin maceration lasts for 4 days and is followed by the fermentation using indigenous yeasts for 6 days in temperature-controlled stainless steel vats. The elevage is carried out in French Oak casks for 8 months. This wine is non-clarified; non-filtered; naturally stabilised and very little sulphites added. Cuvée limited to 1650 bottles.

DEGUSTATION

The robe is ruby colour with nuances of purple. The nose is fresh with hints of matured fruits like cherries and plums. The palate is fine and elegant with silky tannins, good freshness and a long finish.
